Author Index

Abrams RB
Child life: Meeting the psychosocial needs of children and families in the hospital. Newman CO, Klingbeil CG. 1988;36:222-6.

Adams D
Clinical manifestations of acute pulmonary embolism: Henry Ford Hospital experience, a five-year review. Leeper KV Jr, Popovich J Jr, Stein PD. 1988;36:29-34.

Adelman S
Why doctors get bad care. 1988;36:132.

Agnusdei D
Paget bone disease and heredity: A case report. Civitelli R, Camporeale A, Gennari C. 1988;36:150-2.

Akbar S
Significance of antinuclear antibody (ANA) immunofluorescent patterns and titers in systemic lupus erythematosus nephritis. Tello AI, Luvira U, Heinzerling R, Romanski R, Levin NW, Burnham TKH. 1988;36:121-9.

Anderson JA
The pediatrician's guide to food allergy. 1988;36:198-203.

Andresen J
Serum creatinine concentrations in healthy newborns: Reference ranges during the first five days of life. Zegarra JA, Estrada CA, Dumler F. 1988;36:193-4.

Avioli LV
Clinical case presentations. Bone HG III. 1988;36:147-9.

Babu VR
Duplication and deletion 11q23-q24 recombinants in two offspring of an intrachromosomal insertion ("shift") carrier. Forsythe MG, Walker H, Weiss L, Roberson JR, Worsham MJ, Van Dyke DL. 1988; 36:183-6.

Belfi RA
Prevalence of respiratory symptoms and allergic sensitivity in multiply handicapped children. Ownby DR, Logan M. 1988;36:219-21.

Bell NH
Vitamin D metabolism in health and disease. 1988;36:164-5.

Benish W
A mathematical model of lung static pressure-volume relationships: Comparison of clinically derived parameters of elasticity. Harper P, Ward J, Popovich J Jr. 1988;36:44-7.

Cancer mortality among residents of Huron, Sanilac, and Tuscola counties as compared to other Michigan residents, 1971-1985. Booms JA. 1988;36:48-51.

Bilezikian JP
Parathyroid hormone-related disorders. Martin TJ. 1988;36:159-61.

Bivins BA
A prospective randomized comparison of a single antibiotic (moxalactam) versus combination therapy (gentamicin and clindamycin) in penetrating abdominal trauma. Fifer T, Obeid FN, Horst HM, Sorensen VJ, Crots LD. 1988;36:52-5.

Surgery for morbid obesity: A continuing challenge. Obeid FN, Horst HM, Sorensen VJ. 1988;36:103-7.

Bluhm GB
Enteric-coated fenoprofen in large-joint osteoarthritis. MacIlwain HH, Offen WW. 1988;36:56-60.

Blumer KB
Setting up an adolescent clinic in a suburban pediatric office group practice. Stoltz PK. 1988;36:232-7.

Bolin FP
Biophysical methods for estimating in vivo body composition: The determination of the adipose compartment. Preuss LE. 1988; 36:92-102.

Bone HG III
Clinical case presentations. Avioli LV. 1988;36:147-9.

Booms JA
Cancer mortality among residents of Huron, Sanilac, and Tuscola counties as compared to other Michigan residents, 1971-1985. Benish W. 1988;36:48-51.
